

# LA BELLE ÉTOILE

DESIGN BY ADRIANO RACHELE

La Belle Étoile is inspired by the soft flounce of a tutù and the organic perfection of a fresh blossom. The **ceiling/applique** version combines the technology of an **exclusive magnetic hanging system**, **facilitating fast substitution of the central LED**, with contemporary design that uses patented, transparent and texturally-printed materials. The unbreakable yet almost weightless lamp is completely **handcrafted in Slamp's atelier**, with a soft, **luminous LED source that can be dimmed from full illumination to a supple ambient glow** to compliment its surroundings. La Belle Etoile brings luxurious glamour to any interior, accentuating it with a touch of refined elegance.
